Product description

Inulin (natural prebiotic) - functional fibre ingredient for everyday recipes

Inulin (natural prebiotic) is a practical B2B ingredient for professional assortments and production. It is suitable for breakfast bowls, smoothies, bakery, functional blends and B2B retail packaging. It can be combined with cereals, yoghurt, fruit, cocoa or protein blends.

Why choose this product?

Clear ingredient identity: easy to understand and communicate to customers.

Professional use: suitable for stores, cafés, bakeries, producers and HoReCa.

Recipe flexibility: can be used in multiple product concepts.

Convenient format: easy to portion and include in B2B processes.

Assortment value: helps build a wider premium Liovela offer....

Ingredients

nik, który:

Łatwość Użycia: Nie wymaga gotowania ani specjalnej obróbki - można ją dodawać na surowo do potraw.

Tekstura: Ma pudrową, bardzo sypką konsystencję, która szybko znika po kontakcie z wodą.

Naturalne Pochodzenie: Jest naturalnie obecna w wielu roślinach, najczęściej pozyskiwana z cykorii.
